

AKA Media Design (Testimonial)

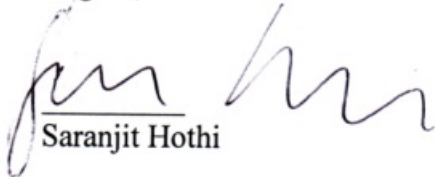

22nd July 2010

To Whom It May Concern:

I recently approached Andrea Arnold of AKA Media Design to give my existing business card a much needed face lift. Within a few days she had produced a subtle alternative which looked a lot more professional and also at a reasonable price which should help me gain business.

I would have no hesitation in recommending Andrea and her design consultancy to anybody in future

Regard,

Saranjit Hothi
